Laying the Foundation

**Suicide is preventable.
It starts with you.**

Attend this 4-hour forum of law enforcement leaders to dive deeper into policy and strategic planning surrounding suicide prevention and response. Through guided instruction and facilitated discussions, you will learn why health and wellness programs are necessary; review the most common risk factors for suicide; analyze models that explain the outcomes that can result from healthy and unhealthy coping behaviors; explore a variety of solutions for both you and your agency; and create a personal action plan with ways your organization can overcome barriers to help-seeking that your officers encounter.
